

## **ADVISORY GROUP TERMS OF REFERENCE**

### **BACKGROUND**

An Advisory Group will comprise a Convenor and members of the Study Committee. Representatives from Target Groups can also be invited to participate if the Convenor considers it would help in identifying future work topics. The aim of the Advisory Group is to facilitate the identification of future working group activities.

The SC chairman will hold a meeting with each Advisory Group Convenor and each Working Group Convenor before each meeting of the C1. Each AG will meet as part of the normal C1 meeting and report its findings to all members at the same meeting. There will be 4 AG s as follows:

- a) organisation of tutorials
- b) asset management
- c) economic analysis
- d) power system planning

### **SCOPE**

1. Identify areas of study to be undertaken by Working Groups that are supported by a Target Group.

### **DELIVERABLES**

1. Facilitate a meeting of their AG at each meeting of the SC.
2. Report to each meeting of the SC
3. Attend an annual C1 management meeting ( chairman/AG convenors/WG convenors)
